**E-LOCKBOX**

Vandal Proof PC DVR Enclosure

After much demand, we are now able to offer a vandal proof enclosure for PC-based DVRs. This housing is suitable for preventing tampering or removal of a DVR system from a site. Thieves or staff often know a DVR is present on a site and either try and steal or vandalise it to prevent use of video evidence. The **E-LOCKBOX** is constructed of powder-coated 3 mm thick steel and has a sliding lockable front and ventilation holes at the side and rear. For extra cooling, the unit is fitted with a 220 VAC cooling fan and rear exit points for cables. To secure the unit, a place is provided for a padlock, as well as four 10 mm holes for securing enclosure to the floor.

- \* **Usable Internal Space (mm):** 680 (d) x 530 (h) x 260 (w)
- \* **Approx. Weight:** 30 Kg
